2025 TAP HEALTH SUMMER ACADEMY

100 high school students

This year brings us our largest THSA Class ever, with 100 students!

63 rising 12th graders & 37 rising 11th graders

Most of our students are preparing to enter their Senior year, with a considerable number who are Juniors. Our program has elements of career exploration, college preparation, and career readiness.

33 high schools

33 regional high schools are represented within this year's class, including from all over Cincinnati, Northern Kentucky and even the Dayton area.

25 unique events

We have numerous events throughout June & July! We kick off with an orientation, then have 1 week each devoted to nursing, allied health, and medicine. In July, we have 2 weeks of events that overlap all 3 pathways, ending with a final week that includes a live surgery, a medical hack-a-thon & our graduation!

Connections to health systems & programs

We visit every major health system in Greater Cincinnati! We also visit smaller hospitals, our region's department of health, and a mix of colleges & universities! Moreover our students receive Stop-the-Bleed Training & Certification, and can opt into a mentorship program. Thank you to our 2025 Presenting Sponsor, Cincinnati State, as well as all our members & partners for their support.
